WHO WE ARE

The Coalition to Support Grieving Students is a unique collaboration of the leading professional organizations representing classroom teachers (including teachers, paraprofessionals, and other instructional staff); principals, assistant principals, superintendents, and other school administrators; student support personnel (including school counselors, school nurses, school psychologists, school social workers); and other school professionals who have come together with a common conviction: grieving students need the support and care of the school community.

We appreciate you. Thanks for sharing!
