National School Social Work Week
Partner Toolkit

The School Social Work Association of America (SSWAA) is proud to promote National School Social Work Week, held the first full calendar week of March (Sunday, March 3 – Saturday, March 9, 2024).

National School Social Work Week is a great way to recognize School Social Workers and celebrate the impactful work they are doing in their school and community. This toolkit includes resources to help you show appreciation for School Social Workers during National School Social Work Week.

2024 National School Social Work Week Theme:
Pearls of Wisdom

This year, as SSWAA celebrates its 30th year as an organization, we are highlighting the pearls of wisdom that each School Social Worker brings to their campus and community. Each day we will share a unique area of School Social Work in an acrostic to spell out PEARL.

Day 1 – Practice History
Day 2 – Education
Day 3 – Advocacy
Day 4 – Resources
Day 5 – Leadership

During the school year, School Social Workers are confronted with challenges, heightened anxieties, and anticipated difficulties. However, School Social Workers face these challenges with strength and resilience. SSWAA wants to support and celebrate School Social Workers across the country during the 2024 National School Social Work week.

Partners are encouraged to recognize the impactful work of School Social Workers by sharing social media posts, images, and other information.
